

# TUSHAR DAHIYA

## FULL STACK DEVELOPER

### CAREER OBJECTIVE

Dedicated and bilingual professional with a strong background in tech support and language expertise, I am now seeking to leverage my newly acquired Full Stack Development skills and transition into the IT industry as a Full Stack Engineer. With a proven track record of providing exceptional technical support and language proficiency, I am poised to apply my problem-solving abilities, adaptability, and collaborative mindset to excel in a dynamic software development role.

### EXPERIENCE

#### TEAM LEADER, OPERATIONS

October 2021 - August 2023 | HCL TECHNOLOGIES (PROVIDING SERVICES TO GOOGLE), GURUGRAM, HARYANA

- As a Product Support Engineer for Google, I honed my troubleshooting skills and provided technical assistance, demonstrating a deep understanding of technical issues and problem-solving.
- Transitioning to a Team Leader role showcases my leadership abilities and adaptability, valuable traits in a Full Stack Engineer role that often involves teamwork and evolving technologies.

#### SR. SUBJECT MATTER EXPERT, OPERATIONS

August 2019 - October 2021 | CONCENTRIX DAKSH INDIA PVT. LTD (PROVIDING SERVICES TO GOOGLE), GURUGRAM, HARYANA

- While working as a German Language Analyst for YouTube and Google, I developed strong analytical skills and an eye for detail, which are essential for software.
- Evaluating and verifying content according to guidelines underscores my ability to follow standards and protocols, a critical aspect of coding and maintaining software.

### EDUCATION

#### B.A. Hons in English

June 2019  
DELHI UNIVERSITY, Delhi

#### C1.1 in German Language Certification

May 2019  
GOETHE INSTITUTE, Delhi

### CERTIFICATIONS
